

Is your finance team the right fit?

Experiencing difficulties meeting your financial year reporting requirements? Having trouble finding quality finance staff at short notice? Are the full-time salaries higher than you expected? We often hear about the skills shortage – but now many of us are living it.

Part Time Professionals was established with you in mind. We help businesses overcome the lack of cost-effective accounting resources. How? By introducing you to a pool of qualified financial executives, Financial Controllers and CFOs who are immediately available to work in your business on an interim or part-time basis. By introducing our experienced accountants to your business you will have the support you need without the full-time cost.

Let us help you knock things into shape, find out more at www.ptprofessionals.com.au
